## ***Quality Policy Statement***

***Wednesday 17 August 2016***

---

The Company is committed to the principle of never ending improvements in quality, reliability, service and client confidence.

The Company principal objective is to always deliver a high quality project, on time and defect free. This is imbedded within the company culture.

The project and installed systems will be constructed to the relevant British Standards and legislation, in a safe environment for our workforce.

A Site Specific Quality Plan shall be implemented on site by the Site Manager and his Management Team. The Managing Director will be responsible for the enactment and monitoring of the Quality Plan.

The Company is continually striving for excellence by adopting and developing new technology and construction methods.

A handwritten signature in black ink, appearing to read 'Paul Dransfield', with a long horizontal flourish extending to the right.

**Paul Dransfield  
Managing Director**
